Always Good product
By J. R. Cabrera
So far I am happy with this product because my Mom's glucose levels are in good control using them.
I am high recomending the use of these strips.
Keep the quality please !.

Inexpensive strips with decent accuracy and precision.
By John M. Wong
I use a lot of these strips to keep tabs on my blood sugar between meals. Since the strips are rather inexpensive, I have no reservations about using more of them.

Best test strip I have found
By Tom Weatherred
Over the pat 20 years I have tried numerious test strips, including the ones from the biggest and best known pharma companies. I have found the Wavesens Presto test strips require the smallest amount of blood for an accurate test. To me, this is important as my fingers do ot appreciate being pricked multiple times to obtain a test. See all 4 customer reviews...
